Ranking Score

Your Search Results Score

2 out of 1

Better than 100% of properties within your city
Your Search Results Score is based on the number of times your property appears in search results compared to all other properties in your city. Your score works the same as a ranking system – the lower the number, the more often your property is seen.

Factors influencing your score

Conversion
0.51%
Your property
This shows the percentage of property page views that converted into bookings in the past 90 days.

Review Score
8.9
Area average is 8.8
This is calculated using the ratings left by guests who stayed at your property. Making improvements to your guests' experience will likely improve your score.

Property Page Score
98%
Area average is 98%
This shows how complete your property page is in regards to information and photos.
